

# Leisters' Award-Winning Access Table The Dignified Alternative

## Dignified Elegance

Designed by Jane Rohde, nominated for the Prestigious Platinum Award by Long Term Living Magazine, Leisters' innovative Access Table is designed to ensure dignity for elderly diners and unparalleled quality and value to the health care and long term living marketplace.

The Access Table is the product of real-life research and Leisters' commitment to quality, durability and timeless design. With slide-out table tops, the Access Table allows residents in wheelchairs to dine comfortably without having to reach awkwardly for their food. It's truly a breakthrough in beauty and functionality and available in countless, customizable configurations.

## The Leisters Difference

- Products made in the USA by expert craftsmen from solid hardwoods.
- Featuring Ndura™ surface that protects for years to come.
- Products shipped within 4-8 weeks and customized to your specifications—even in small quantities.
- Furniture can be customized with multiple size options, paints, finishes and more.

### The Surface that Lasts:

Leisters' one-piece exclusive Ndura™ surfaces are a lasting investment. They offer durable protection against scratching, chipping, cracking, breaking or staining. Impact and heat resistant, Ndura™ surfaces stand up to the challenge of every day use, cleaning and maintenance.

**LEISTERS**  
CONTRACT FURNITURE, INC.

Standard dimensions: 41" x 45" x 30" H (floor to rail height is 27"). Drawers are placed on 41" ends and are 17<sup>3</sup>/<sub>4</sub>" deep. Shelf measures 12" x 15<sup>3</sup>/<sub>4</sub>".

Available in standard four-leg configuration and in oversized pedestal version that seats ten.

The Access Table can be customized with a variety of paint and leg options. Smart design, quality craftsmanship, durable Ndura™ surface and the look and feel of a residential dining table, it all adds up to the perfect choice for the elder-care living environment.
